

Fleet Manager

Celsius Shipping offers an attractive position as Fleet Manager in the Technical Department. You will become part of a dynamic and challenging environment with a steep learning curve and strong personal development opportunities.

Celsius Shipping was founded in 2012 and is a full-service ship owning company. The company has its offices in Copenhagen, Monaco, South Korea and Hong Kong.

Celsius Shipping has been one of the most active ship-owners in recent years and has built a strong presence within the major shipping segments. Celsius has a diversified fleet of 35 vessels within chemical and product tankers, container feeder vessels and LNG carriers. In addition, there is a series of 13 LNG newbuildings on order.

As an integral part of the technical department, you will work closely with the rest of the team to perform technical oversight and supervision of Celsius' third-party technical managers. Further to that, you will be involved in the development of new projects together with the Sale and Purchase and Business Development departments. The successful candidate will get the opportunity to work with some of the latest technologies especially within the LNG segment. Energy optimization is factored into all aspects, ensuring that our newbuildings as well as our sailing fleet are operated in the most optimal way.

You will be surrounded by highly motivated, skilled, and experienced colleagues with a solid track record in their respective positions.

The Position:

- Handling of newbuilding projects, from drawing board to delivery
- Oversee the management and technical support of vessels technically handled by 3rd party managers
- Budget supervision of both CAPEX and OPEX
- Juggling several issues and projects at the same time
- Performance optimization of the fleet
- Attend drydocking of vessels. Participation in due diligence processes around transactions

The Profile:

- Marine Engineer or Naval Architect, with excellent results
- Experience from involvement in newbuilding projects, preferably in different segments
- Preferably experience as superintendent in an owners' technical department
- At least 3 years' experience from a similar role
- Agile mindset, able to quickly change priorities
- A good team player capable of making decisions
- Excellent communication skills in both spoken and written English, proficiency in a Scandinavian language is preferred

We offer:

- A competitive salary package and employee benefits
- An opportunity to work in a dynamic and international environment
- A challenging and rewarding job with a high degree of responsibility
- The opportunity to be part of a successful team with competent and supportive colleagues
- An attractive career path within technical management of all types of maritime vessels

Application:

- For questions or further information about the position please contact Rasmus Højmark on +45 24379732 or rho@celsiusshipping.com
- Please apply by sending your application and CV to hr@celsiusshipping.com
- Deadline: February 21st 2023
