

IST Internship for LNG Operations

Celsius Shipping offers an attractive full time position as Intern for our LNG Operations Team in Copenhagen. This is a great opportunity to gain in depth insights into operations and become a part of a dynamic and challenging environment with strong personal development opportunities.

Celsius Shipping was founded in 2012 and is a full-service shipowner with a remarkable growth story. The company has its offices in Copenhagen as well as Monaco, Hong Kong, China and South Korea.

Celsius Shipping has completed more than 100 vessel transactions over the past decade and built a strong presence in the major shipping segments via timely acquisitions of maritime assets within Tankers, Dry Bulk, Container, and Gas. The Celsius Group and its partners have acquired vessels with a total value exceeding USD 5.5bn since inception.

We are committed to taking active responsibility for the society and environment we operate in. Celsius is continuously working on making sustainability a central part of our operations, and crew welfare is a major priority in our ESG strategy.

As an integral part of the LNG team in Copenhagen, you will be involved in many aspects of our LNG operations. You will be surrounded by motivated, skilled and experienced colleagues with a solid track record within their respective positions.

The Position:

Celsius Shipping offers an attractive position as LNG operations manager intern with the opportunity and expectation to continue as full-time employee in the LNG team in Copenhagen after graduation.

Please find below job description where you will be working closely together with our experienced LNG team to learn the role as LNG operator:

- Day to day dialogue with Charterers on operational issues – clarify issues within approved best practices.
- Assist with operational and technical input to TCPs during commercial preparations and negotiations
- Performance management of the Vessels hereunder exploring and implementing improvements.

- Overseeing the daily operation of the vessels, Operational implementation of TCPs with emphasis on monitoring of voyage performance and instructions from Charterer.
- Management Reporting and General Reporting to internal and external stakeholders.
- Working closely together with various stakeholders ensuring timely delivery of the vessels from the Shipyards to the charterers.
- Various ad hoc operational and technical assignments to be expected.

The Profile:

- Commencing 3rd year of the International Shipping and Trade Bsc at Copenhagen Business School with excellent academic credentials
- Results-driven and motivated to work in the maritime industry
- Team player mentality, and flexible regarding working hours. However, school has top priority and full flexibility will be granted around lecture and exam periods
- High energy level
- Strong verbal and written communication skills (English)

We offer:

- A competitive salary package and employee benefits
- Experience and exposure to senior management
- A challenging and rewarding job with a high degree of responsibility
- The opportunity to be part of a successful team with highly competent and supportive colleagues
- An attractive career path within the maritime industry
- The ability to work in a dynamic and international environment

Application:

- Please apply by sending your application and CV including transcript of grades by email to HR@celsiusshipping.com
- Please include a description of where you see yourself in Celsius and what you hope to learn during your internship at Celsius
- Please do not hesitate to reach out on the same e-mail if you have questions or would like further information about the internship
- Deadline: 30th of November 2024. – Please note that we will be reviewing applications on a rolling basis and conducting interviews as they are received.
