Head of Accounting, Vice President

Celsius Shipping, a leading ship owner and operator, is seeking an experienced Head of Accounting who, as part of the Group's management team, will lead the accounting function and help shape the financial direction of a growing and dynamic, global business.

Founded in 2012, Celsius Shipping has grown rapidly and been one of the most active maritime investors with particular focus on the LNG sector. Our growth has been built on a strong track record of safe, high-quality operations and close partnerships with our customers, and today invested capital across our assets exceeds USD 8 billion.

We are looking for a finance executive to drive the next phase of growth, building a more efficient and data-driven finance organization through process optimization, digital tools and AI-enabled solutions, while sustaining our operational track record.

You will manage a team of eight accounting professionals and work closely with the CFO as a key partner across the full finance agenda, from high-quality financial reporting for a complex, multi-entity group to budgeting, forecasting, management reporting and financial analysis supporting strategic decisions. You will oversee corporate and vessel accounting, the preparation of annual financial statements and the group consolidation. Finally, you will serve as the key point of contact for external auditors and coordinate with treasury, legal, commercial and other teams across the organization on finance-related matters.

You will be surrounded by highly skilled and motivated colleagues with a solid track record in their respective positions and become part of the Celsius environment with an unparalleled recent growth story within Danish shipping.

Key Responsibilities

- Lead and develop the accounting team, setting priorities and building capabilities
- Own the monthly, quarterly and annual close for the group, ensuring accurate and timely reporting
- Oversee the preparation of statutory financial statements for all group entities, as well as the group consolidation

- Manage the annual audit process and serve as the main point of contact for external auditors
- Ensure robust internal controls and accounting policies as well as compliance with relevant reporting standards, transfer pricing requirements and tax filings
- Act as a key partner to the CFO on budgeting, forecasting, management reporting and financial analysis to support strategic decisions
- Drive continuous improvement of accounting processes, including automation and the use of new technology
- Lead finance-related projects, such as system implementations and process optimization initiatives
- Monitor developments in international accounting and tax rules and ensure they are reflected in the execution of Celsius' strategy

The Profile

- A Master's degree in Business Economics and Auditing (Cand.Merc.Aud.) and qualification as a State Authorised Public Accountant (Statsautoriseret Revisor)
- Minimum 5 years of relevant experience with senior responsibility for accounting and tax including management of accounting teams. Experience from shipping or another asset-heavy industry is an advantage
- Strong technical accounting knowledge, including IFRS, consolidation and multi-entity reporting
- Strong analytical capabilities, high attention to detail and a structured approach to work
- Interest in process optimization and automation
- Self-starter who works independently and takes ownership, with a hands-on mindset and willingness to go the extra mile
- Excellent communication skills in both spoken and written English, and proficiency in a Scandinavian language

What We Offer

- A dynamic and international environment with varied tasks across a complex, multi-entity group structure

- A key role in driving change and building a modern, technology-driven accounting function
- Real impact on the financial direction of a growing group with invested capital exceeding USD 8 billion
- A challenging and rewarding leadership role with a high degree of responsibility and autonomy to shape the function
- The opportunity to be part of a successful team with competent and supportive colleagues
- A competitive salary package and employee benefits
