Investment Internship at Celsius Shipping

Internship in Celsius' Investment & Business Development team in 2027/2028

Internship highlights

Celsius offers an attractive full-time internship position within the Investment Team at our headquarters in Hellerup, Copenhagen.

This opportunity is ideal for a highly motivated student with a genuine interest in shipping, investments, finance, and economics who wants to gain hands-on experience at one of the most active maritime investment platforms in the industry.

As an Investment Intern, you will work closely with experienced investment professionals and gain direct exposure to transaction execution, market analysis, strategic projects, and portfolio management across multiple shipping segments.

About Celsius Shipping

Founded in 2012, Celsius Shipping is a leading ship owning platform focusing on infrastructure-like investments within the maritime industry. Today, Celsius has offices in Copenhagen, Monaco, Hong Kong, South Korea, and China.

Together with its capital partners, Celsius has invested approximately USD 8 billion in maritime assets and has established a strong presence across LNG carriers, container vessels, product/chemical tankers and LNG bunkering vessels.

Celsius' vision is to be recognized as a leading shipping investment platform through strong performance, talented people, and a commitment to creating superior value for its partners.

The company remains highly focused on sustainability and energy transition, with ESG considerations integrated throughout its investment and operational activities.

The Position

We offer a versatile and challenging position with a steep learning curve and significant responsibility from day one.

Responsibilities may include:

- Conducting market research and analysing developments across shipping markets and asset classes
- Supporting investment screening, valuation and transaction execution processes
- Performing financial modelling and investment return analysis
- Assisting in due diligence processes related to acquisitions, divestments and financing transactions
- Preparing investment presentations and materials for investors and lenders
- Analysing vessel operating performance, profitability and value drivers
- Supporting strategic projects and business development initiatives across the Celsius platform
- Working with large datasets to derive commercial and investment insights

The Profile

- Currently enrolled in the BSc in International Shipping and Trade
- Strong academic performance
- Solid understanding of economics and corporate finance
- Advanced analytical and quantitative skills
- Proficiency in Excel and PowerPoint; experience with financial modelling is considered an advantage
- Strong attention to detail and a structured approach to problem solving
- Commercial mindset, high energy level, strong work ethic and willingness to take ownership of tasks
- Excellent written and verbal communication skills in English; proficiency in a Scandinavian language is advantageous

We Offer

- Direct exposure to real-life shipping investments and transaction processes
- Mentorship from experienced investment professionals
- A unique opportunity to develop commercial, analytical and financial skills within a leading maritime investment platform
- An attractive long-term career path within shipping, investments and finance
- A dynamic and international working environment with ambitious and supportive colleagues

Application

Please submit:

- CV
- Motivational letter
- Academic transcript

Applications should be sent to **hr@celsiusshipping.com**

For questions regarding the position, please contact Jonas Andersen, jan@celsiusshipping.com, +45 26231586.

Deadline: 16 November 2026.

Interviews: Interviews will be conducted on a rolling basis and are expected to take place in November.
